Essentials

Combinare tradizione e utilità, diminuendo lo stress personale e globale.

Il fine ultimo è creare un prodotto che possa essere utilizzato senza sforzo, in diverse occasioni e in diversi modi.

Una base per diversi accostamenti.

Un prodotto che si riveli essere versatile, conciliando linee e colori all'apparenza formali.

È giusto pensare ad alternative, a come rivedere un prodotto dopo che ha fatto il suo tempo, ma è anche corretto pensare a prodotti senza tempo, che non rischiano di essere utilizzati e messi presto da parte.

È difficile pensare di consumare meno, ma è necessario pensare di consumare meglio: non deve trattarsi di una privazione ma di un arricchimento.

–

Anche i colori sono essenziali, non si legano a una stagione o a un genere, sono dei passe-partout.

Combining heritage and utility, slowing down personal and global stress.

The ultimate goal is to create a product that can be used effortlessly, on different occasions and in different ways.

A base for different combinations.

A product that turns out to be versatile, reconciling apparently formal lines and colours.

It's right to think of alternatives, how to review a product after it's outlived its usefulness, but it's also right to think of timeless products that don't risk being used and quickly put aside.

It is difficult to think of consuming less, but it is necessary to think of consuming better: it shouldn't be a matter of deprivation but of enrichment.

–

Even the colors are essential, they are not tied to a season or a genre, they are passe-partout.

Un effetto avana dal carattere deciso.
 –
 A havana effect with a strong character.

Transformative

Mutevoli. Con la capacità di adattarsi.
Aiutati dalle nuove tecnologie, da un'intelligenza artificiale che si affaccia sempre più alla vita reale.
Alla ricerca di effetti fluidi, nelle forme e nei toni.
Innovativi. Con la necessità di fondere e far convivere due realtà ormai assodate, quella fisica e quella digitale.
Visionari. Con la voglia di vivere guardando al futuro.
Senza dimenticare il melting pot di culture che ci permette di spaziare nella creatività e di dare un taglio digitale a pattern e sfumature con un richiamo tradizionale.
Performanti. Con il plus di trasmettere benessere e serenità.

—

Colori saturi si accompagnano a toni underground: giallo, pervinca, ruggine, verde e grigio.
Colori che si bilanciano a seconda degli accostamenti.

Changeable. With the ability to adapt.
Helped by new technologies, as artificial intelligence increasingly enters real life.
Looking for fluid effects, in shapes and tones.
Innovative. With the need to merge and bring together two well-established realities, the physical and the digital one.
Visionary. With the desire to live looking towards the future.
Without forgetting the melting pot of cultures that allows us to range in creativity and to give a digital cut to patterns and shades with a traditional appeal.
High performance. With the advantage of transmitting well-being and serenity.

—

Saturated colors are accompanied by underground tones: yellow, periwinkle, rust, green and grey.
Colors that balance according to the combinations.

Sfumature nette che accostano toni maschili ad un pattern leggero.

–
Clear shades that combine masculine tones with a light pattern.

Experiment

EXPERIMENT

Al giorno d'oggi sperimentare è diventato un approccio necessario alla realtà, essenziale.

Si sperimentano materiali, tecnologie, metodi produttivi, intelligenza artificiale e colori.

Questa sperimentazione ci porta subito nel futuro, così come i toni che vengono utilizzati e che ne rendono pienamente l'idea.

—

Un senso generale di modernità e di serenità al tempo stesso è il risultato dell'accostamento di toni pastello con colori più scuri e più saturi che ne smorzano l'effetto.

Matcha, lilla, albicocca, azzurro, legno.

EXPERIMENT

Nowadays, experimenting has become a necessary, essential approach to reality.

We experiment with materials, technologies, production methods, artificial intelligence and colors.

This experimentation, as well as the tones that are used and that fully convey the idea, immediately takes us into the future.

—

A general sense of modernity and serenity at the same time is the result of the combination of pastel tones with darker and more saturated colors that dampen the effect.
